- ◆ Evaluate and monitor the moral fitness of credential applicants and holders and take appropriate action.

Paper Screening of Applications for the Committee of Credentials

Introduction

Staff was notified that the elementary teacher position on the Committee of Credentials would become vacant effective August 1, 2005. Applications were prepared and distributed. A postmark date of July 20, 2005 or until filled was set as the deadline for the submission of applications.

The Professional Practices Committee is responsible for "receiving and evaluating" applications for appointment to the Committee. Following the review of the applications at the August 2005 Commission meeting, the most qualified applicants will be invited for personal interviews which will be conducted at the Commission's October 2005 meeting.

Background

The Committee of Credentials (Committee) is a statutorily created body whose seven members are appointed by the Commission. By statute the Committee is responsible for reviewing all investigations into allegations of misconduct by credential holders and applicants and recommending appropriate action to the Commission. In order to ensure a high level of public confidence in California teachers and other credentialed public school employees, the Commission and the committee monitor the moral fitness and professional conduct of credential applicants and holders. As of the date of the agenda deadline, only one application has been received. Any subsequent copies of applications received before the Commission meeting will be distributed as an in-folder item.

Summary and Recommendations

Staff respectfully recommends that members of the Professional Practices Committee review and evaluate the written applications for appointment in order to determine which of the applicants for the elementary teacher position to invite for personal interviews at the October 2005 Commission meeting.

Fiscal and Workplan Impact

Costs associated with the selection process are part of the base budget of the Division of Professional Practices. These include the costs of travel and accommodations for interviewees.
